MARCH 9, 10

# MONTAGE

Avant-garde, the English Association of BPC College is hosting a two day campus film competition on March 9 and 10, 2012. It is planned to provide a forum for amateur filmmakers to showcase their talents.

Through the fest we aim at creating a platform for the young movie talents in campuses across Kerala to express and explore themselves.

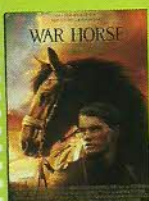

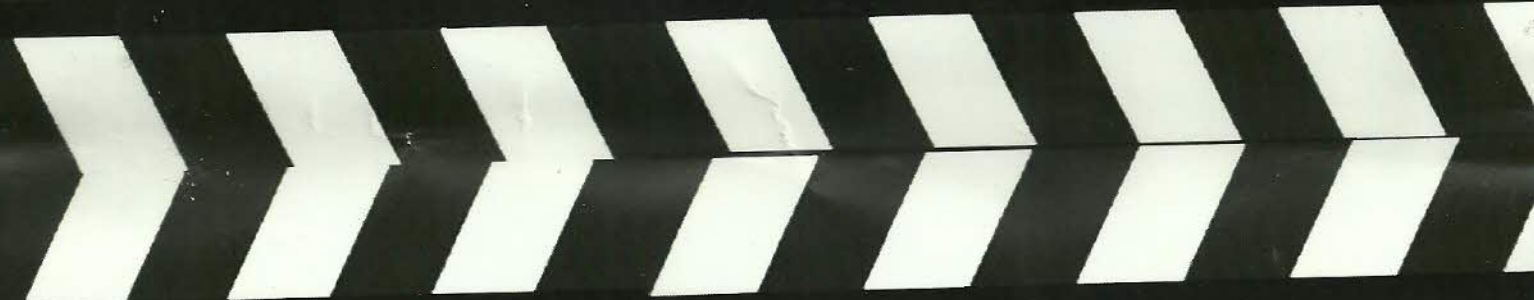

The participants get to widen their horizons through seminars and open forums in addition to watching up-and-coming campus films. The fest consists of separate documentary and short film competition sessions.

The competitors will also brief the audience about their movies.
